Toledo Connected With Sea Toledo today was connected with the Atlantic Ocean as a direct point for foreign shipments when the ocean-going freighter Santa Isabel sailed with a cargo of 492 crated automobiles. It was the first leg of a voyage that will terminate in South America. Shipping men here say the trip is of special significance because of the lakes-to-sea deep-water project.

to concede something. The public is sick and tired of strikes and you men can win the approbation of the community by deferring drastic action in a further effort to reach agreement."

The Mayor told the committee he would take a personal interest in their cause and offered to appear at the mass meeting to urge a deference of action. He said their position would not be prejudiced if they decide after further negotiation that a strike was necessary.

PHILADELPHIA, Aug. 28.—The Pennsylvania Railroad is to-day distributing to employees the bulk of the back pay ordered in the decision of the United States Railway Labor Board of July 26. Approximately \$23,000,000 will be distributed to the 275,000 to 280,000 workers.

"If you will postpone this drastic step for two weeks," he said, "I pledge you that I will use my best efforts with Judge Mayer to obtain a basis of arbitration that will meet your approval." Mayor Appeals to Workers The conference in the Mayor's office was attended, on behalf of the receivership, by John H. Delaney, Transit Construction Commissioner; Mr. Shea, and James M. Sheridan, president of Local No. 917, of the association, who acted as spokesman for the committee. Mr. Shea presented Article 3 of the agreement under which the strike last year was terminated. It stipulates that any differences between the employees and the amangement shall be submitted to arbitration. He demanded to know why reservations are now imposed. The Mayor agreed with the men that the article provided for the submission of controversies to arbitration, but explained that under the law Federal Judge Mayer had no alternative other than to reserve to the court the right to pass upon the financial ability of the receivership to meet awards made by the arbiters. "It should take the same position in this premise," the Mayor said. "No court can abilicate its prerogatives, and it is incumbent upon Judge Mayer to allow only such awards as the commany is financially able to meet." The Mayor appealed to the men to place the welfare of the community above the acts of an individual, "even if he be a judge."
